## NOTES

## DESCRIPTION

This lovely granite property is set in a secluded hamlet surrounded by countryside.

It is a perfect renovation project, however the roof is in very good condition and a new septic tank was fitted in 2009 which has barely been used since. Electricity is a few metres from the property and requires connecting.

Planning permission has been granted to convert the middle section into a three bedroom home. Consisting of an open plan kitchen/lounge on the ground floor, two bedrooms and family bathroom on second floor and a master bedroom with en suite on the top floor.

There are extensive attached barns to one side, one with the original wooden animal feed troughs. To the other side is an attached colombage garage and further storage area. Planning has been requested to convert these barns on either side into habitation.
