## NOTES

## DESCRIPTION

This building to be completely renovated (including the roof) once housed a family-owned agricultural farm, with living area. It is located in the centre of the village, 2 minutes walk from the town hall, in a quiet street. On the main facade (facing north), there are 4 doors:

- on the far left and down a few steps, the door gives direct access to one of the 5 cellars of this property,
- next left is an exquisite wooden door which gives access to the living area,
- a double door giving access to the stables,
- then a few steps leading up to another double door giving access to the barn.

Inside, everything is connected, with doors between the living areas and the stable or barn depending on the floor. In all, you can count:

- 5 cellars with a total area of 62.49 m<sup>2</sup>,
- 3 rooms + the stables on the ground floor (145 m<sup>2</sup>),
- 3 rooms + the barn with south-facing balcony on the first floor (163 m<sup>2</sup>),
- The attic with great development potential given the floor space (154 m<sup>2</sup>) and the height (from 109 to 415 cm),
- Outbuildings (covered shelter, chicken coop, wooded room) 49 m<sup>2</sup>,
- A 292 m<sup>2</sup> south facing plot behind the house.

The building is connected to mains electricity, water and drainage. The windows have been replaced with triple glazing, and the possibility of opening additional windows on the south facade of the house has already been confirmed, as well as 5 windows in...
