IN BRIEF

A superb 8 bedroom luxury chalet built to the principles of traditional Savoyard architecture and materials. Sold with recent upgrades, and located in the prestigious Ste Foy precinct of Battaillette, it affords spectacular views and easy access to all commercial and social amenities. Ski lifts are close by and it has a proven track record with holiday bookings. A new lift just metres away is programmed for winter 2022 in Battaillette making this investment pretty well ski-in ski-out.

DESCRIPTION

The dream life-style.....a wonderful opportunity to purchase a superb 8 bedroom chalet and with exceptional options. It is located in a quiet, private enclave in Ste Foy ski resort, and configured as a duplex, providing both a first class luxury chalet and a second totally separate income earning apartment. An astute investor could live the dream life style, with a superb range of year round leisure activities on the doorstep, in a beautifully located property, brilliant for both family and friends.

The chalet, structured over four floors, is a traditional Savoyard styled property with wooden beamed ceilings, wood floors and large double-sided log fire. Located within the exclusive La Bataillette collection of private chalets in Sainte Foy, the chalet has stunning views from the top floor living area down and across the Isere Valley. The traditional Alpine architecture creates a timeless dialogue of wood, stone, and slate, whilst the interior decor exhibits a smart liveable design with accents of clean lines, and a lovely welcoming ambience. Access to the adjacent leisure centre can be an additional inclusion in the sale package, and two car spaces are included in the underground private garage.

Year round Potential.

Naturally a prudent buyer is best served by a year round use, and the ever increasing range of summer leisure activities adds to the pleasure of owning such a property. Both regional and government support for the upgrading of tourism infrastructure provides confidence for the projected expansion of...
