DESCRIPTION

As you enter the living-room, three sources of light enable you to feel immediately at home in the room, large enough to host both dining and living spaces. A wood burner on the right makes you look forward to cosy nights by the fire. Onto the right is the wooden built-in kitchen, well organized in such a tiny space. No worry : there is enough room for a washing-machine and the garden offers a three laundry line stand, for traditional drying. From the kitchen, you have access to the shower-room with a wash-basin and a toilet. A nice staircase gets you to the first floor where a large and comfortable bedroom awaits you for resting nights, the roof window opened onto the silent countryside. Lunch and dinners, barbecue parties will be shared in the tiny garden, big enough to have guests, small enough for a limited amount of garden maintenance. With your own touch, your choice of colours and objects, here is a perfect holiday house or base for a stress-free daily life for a tiny budget.
