DESCRIPTION

Throughout the house double glazing has been installed which is top quality Planatherm filled with argon gas and accented with Georgian bars.

Ground Floor

Entrance to the house brings you to the salon with a dominating feature fireplace. The tall windows allow the natural light to accent the woodwork giving a feeling of warmth and highlighting the true space available in the large central hub of the home.

The kitchen features custom made cabinets, plenty of storage with top and base unit cupboards, a stove to die for, and good view of the garden. Dine in the kitchen or take advantage of the covered alfresco dining area which overlooks the south facing gardens.

The ground floor also houses the main bathroom, an office area which opens onto the back garden and a separate WC

First Floor

The original wooden staircase takes you to the upper level. All three bedrooms are of a really good size and the hardwood floors have been left on display in sympathy with the history of the building. For convenience there is a central upstairs washroom and WC.

Outside, as mentioned you have a covered area for dining which could be your summer kitchen with views over the established gardens. The garden is fenced and currently divided into three defined areas. The garden shed is located towards the bottom and is the perfect space for a man cave or perfect if you wanted to keep a few chickens down and away from the main house....
