IN BRIEF

This extremely unique mountain chalet is perched at 2100m altitude in the heart of the mountains above Les Menuires ski resort in the 3 Valleys. The chalet is a complete luxury renovation of what was once a shepherd's hut with great attention to detail throughout to create a beautiful alpine haven to enjoy the outdoors and mountain landscape. The chalet is destined primarily for summer use as there are regulations to limit using the chalet during the winter months for safety reasons. The chalet is accessible by 4x4 or by quad bike during the summer months and is accessible on skis during the winter months as it is ideally situated on the ski slopes of Les Menuires and St Martin de Belleville. It is a true mountain refuge offering an oasis of calm with breathtaking landscapes.
