IN BRIEF

Beautiful renovation project in a charming village for country living but close to amenities. The main house needs major modernization, but remains habitable. Other small buildings as well as a large barn could accommodate your finest personal or family projects. The buildings are stone and the roof is new. The work to be carried out is on the interior to modernize the spaces and on the barn. The house is 96m2 and the under-roof could be converted. The barn has a floor area of 70m2 and could be converted into a second floor. There's also an old detached garage on the plot. The land is suitable for swimming and is quiet, but there are neighbors.. It is possible not to buy the barn with a substantial price reduction.

The roof of the house is new, while that of the barn is in good condition.

An old garage and a pigsty are located on the land, which is suitable for a swimming pool.

The property is in a quiet location, but with neighbors.

A great renovation project in the heart of a beautiful village.
