IN BRIEF

A great opportunity to finish this village house to your own taste and requirements. Excellent location, right in the centre of the village, with the possibility to create an independent workshop/office at the ground floor, with living accommodation above. The main building work has already been done: new roof, new insulation, 4 levels created with new internal staircase, all new double-glazed windows and doors, new shutters, a new electricity meter, a new raised deck and connection to mains drainage. To the back of the property, you have access to a secret communal garden, a wonderful peaceful retreat.
