DESCRIPTION

Among the historic districts of Cannes, some are more popular than others. This is the case of Pointe Croisette. Its location is no stranger to it. Here, you are at the end of the mythical Boulevard de la Croisette, known all over the world! Where the cape juts out into the sea, with the Bay of Cannes and the Esterel massif in the background on one side and the Golfe Juan on the other. Opposite you, facing due South, the Lérins Islands!

This new residence is composed of 2 small 3 and 4-storey buildings. They rise from a private underground car park equipped with a car lift. Resolutely intimate, the property features 19 luxury new flats. They range from 2- to 4-room flats and all offer the amenities of a private outdoor space: private garden on the ground floor and balcony or terrace on the upper floors.

Directly inspired by the seaside heritage, the residence's architecture is pure, elegant and timeless. A stone cladding encamps the ground floor with nobility.

On the upper floors, a light-coloured plaster, inspired by mineral shades, envelops the volume. The winding balconies are highlighted by wrought iron railings. The balconies create a play of light and shadow on the façades and in the interiors as the hours of the day change.

Pointe Croisette is well known for being a neighbourhood on the Cannes coast highlighted by beautiful, carefully tended gardens. The development is no exception. The property is home...
