DESCRIPTION

Nestled in the heart of the rolling hills, just 10 minutes from Gourdon, this exceptional property of three stone buildings offers a truly unique setting, perfectly peaceful, on over 5 hectares of meadows and woodland. An ideal place for an ambitious project combining authenticity and modern comfort.

The main house features a kitchen/living area on the ground floor and an unfinished extension. Upstairs, 2 to 3 bedrooms and a bathroom provide immediate living potential, while the attic could be converted into additional living space according to your vision.

The two other stone buildings, with reinforced floors, offer great flexibility: a single house with up to 6 bedrooms or two separate adjoining homes. Each bedroom benefits from abundant natural light and beautiful exposed stone, with a sound and relatively recent structure. A cellar complements each house.

A lovely traditional bread oven adds charm and authenticity to the ensemble, while a small barn in poor condition can serve as storage or an outbuilding for animals. All works (plumbing, electricity, sanitation) remain to be completed, offering a blank canvas for a fully personalized project.

This property is a truly exceptional playground for a lover of stone architecture and nature, dreaming of a luxury villa, a unique family estate, or a high-end tourism project. The magic of the location and the potential of the volumes must be experienced in person to be fully appreciated.
