DESCRIPTION

Upon entering the property, you step into the kitchen (21.5m²), which features an ornate fireplace to one side and a variety of fitted kitchen units. The exposed stonework adds rustic charm to the room, which is heated and cooled via an air source heat pump. To the right of the kitchen is a versatile space that could serve as a home office or small bedroom (7.1m²). On the left, there is a bathroom (4.8m²) equipped with a sink, bathtub, and WC, with an additional WC (2.7m²) located in a separate area housing the electric hot water tank.

Moving further through the property, you will discover a spacious lounge (29.5m²), with doors leading out to the front terrace. This room is heated by a pellet burner, for a warm and cozy atmosphere.

The upper level of the home features two bedrooms, both with sloped ceilings (14m² and 7m²). Additionally there is a bedroom (20m²) built into the eaves above the lounge and enjoys natural light from a large Velux window. (Measurements taken with a ceiling height of 1.8m therefore the actual floor space is slightly larger).

The property has undergone updates, including new double glazing, shutters, and a new roof installed in 2019, ensuring modern comfort and energy efficiency. There is a pretty front garden and a large lawned area at the back with plenty of parking to the side of the house.
