DESCRIPTION

One of the most outstanding features of this property is its private fishing lake. Spanning approximately five hectares, the lake is a paradise for anglers. Surrounded by trees and countryside, it offers a secluded and scenic setting where wildlife thrives.

Around the lake are ten designated fishing swims, carefully positioned to give anglers the best possible experience. Three of these swims are enhanced with robust wooden cabins that can easily accommodate anglers overnight, offering a unique selling point for commercial fishing holidays.

To further support the fishing activities, the estate includes an outdoor kitchen area where meals can be prepared and enjoyed in the open air. This communal space encourages a sense of community among visiting anglers and enhances the leisure experience.

Additionally, a purpose-built modern toilet and shower block has been installed to provide high-quality facilities for visitors. Clean, practical, and easy to maintain, this block ensures that all guests can enjoy their time at the lake with modern conveniences close at hand.

Together, these facilities make the fishing lake not only a wonderful private amenity but also a fully equipped venue for commercial fishing ventures or glamping/camping possibilities subject to the new owner applying for the correct licences.

The charming stone farmhouse (148m²) has a fabulous modern fitted kitchen with dining space and views over the terrace and lawn to the lake beyond. The second reception room is a bright and airy space, currently used as an office/library and lounge. There is also a modern...
