DESCRIPTION

Designed for comfort and entertaining, the villa features a spacious open-plan living area with vaulted ceilings, combining the lounge, dining area, and fully equipped kitchen. Bathed in natural light, this space opens directly onto a covered veranda with a built-in barbecue area, leading to a travertine terrace and the magnificent swimming pool.

The property offers three double bedrooms, one with an ensuite shower room. The stylish family bathroom includes twin basins and a large Italian-style shower.

A utility and boiler room houses two heating systems – oil and underfloor heating (in the lounge, kitchen, and cinema room) – as well as air conditioning. The bedrooms benefit from an air-source heat pump system for energy efficiency and year-round comfort.

A true highlight of the property is its private cinema room, which can also serve as a games or playroom – a unique and fun feature for family and guests alike.

There is internal access to a good-sized garage with an electric door. Outside, the property is a haven for nature lovers: south-facing terraces overlook the surrounding woodland, offering complete privacy and serenity.

The 8x4m heated swimming pool features a waterfall and counter-current system, as well as an automated solar-powered cover. A wooden sun terrace with shower and toilet provides a perfect spot for cooling off on hot summer days.

A separate guest annex offers an additional bedroom and shower room – ideal for visitors or potential rental income – alongside a technical room for the pool.
