DESCRIPTION

This brand-new duplex apartment of 81sqm features, on the ground floor, a first bedroom with en-suite shower room, a separate WC, and a spacious living area with a fully equipped kitchen, dining area, and lounge opening onto a balcony terrace of approximately 9 sqm.

The first floor comprises two additional bedrooms sharing a family bathroom and a separate WC.

Designed to welcome family and friends in comfort and style, this property offers a bright living space, a balcony with unobstructed views of the surrounding peaks, private underground parking, ski and bike storage, and concierge services.

The residence is fully managed by CGH Résidences & Spas, a renowned operator known for its high-end hospitality standards and meticulous maintenance.

The SAIRENA development consists of small chalet-style buildings with a maximum of 10 units each, designed to meet the expectations of the premium mountain property market, while offering the flexibility of mixed usage — as a second home and/or rental investment.

Delivery is scheduled for the fourth quarter of 2027.

Situated at 1,650 m altitude, the family-friendly resort of Les Saisies (in the Beaufortain massif, between the Val d'Arly Valley and Mont Blanc) offers an authentic alpine atmosphere. The SAIRENA residence fits harmoniously into its natural surroundings with its elegant, chalet-inspired architecture.

In winter, Les Saisies enjoys direct access to the vast Espace Diamant ski area, combining alpine and Nordic skiing across varied terrain suited to all levels, within a welcoming, family-oriented environment.

In summer, when the snow melts, the resort transforms into a paradise...
