DESCRIPTION

Located in Guenrouët (44530), this exceptional 47.7-hectare equestrian estate, in one single contiguous block, offers a rare combination of residential property, extensive land and fully equipped professional equestrian facilities. The estate has been designed, developed and successfully operated for public access, equestrian livery, a riding school, horse breeding, and the organisation of competitions and events.

The property includes a comfortable main house, complemented by a separate self-contained apartment, ideal for on-site management, staff accommodation or rental income. A substantial number of barns, stables and outbuildings are centrally positioned within the estate, with all surrounding land directly adjoining the facilities, ensuring an efficient and practical layout.

Equestrian facilities are particularly comprehensive, featuring multiple stables and barns, an indoor riding arena, three sand arenas dedicated to warm-up, dressage and competitions, a lunging ring, and a 1,100-metre gallop track with cross-country features. Thanks to its complete infrastructure, access roads and large parking areas, the property has supported a successful and sustainable equestrian business, making it a true turnkey ("clé en main") opportunity for an equestrian project, with no major structural investment required.

Property Description

Set within 47.7 hectares of adjoining land, the estate forms a coherent, functional and well-organised whole, with all buildings located at the heart of the property, offering excellent accessibility and ease of operation.
