DESCRIPTION

Located in a quiet residential area of Narbonne, just a 5-minute drive from the city centre, this detached villa built in 1992 offers comfortable family living, generous outdoor spaces and flexible accommodation, all within easy reach of the Mediterranean coast.

Access to the property is via an electric gate opening onto a private driveway leading to the north side of the house, where the first entrance is located. Continuing along the driveway brings you to a large alarmed carport with space for three vehicles and two electrical outlets. From here, a second entrance provides direct access to the house.

Entering through the main entrance, the living room is immediately on the left. This bright and welcoming space is equipped with a wood-burning insert fireplace installed in 1997, capable of heating the entire living area within 45 to 60 minutes. Large sliding glass doors open directly onto the south-facing terrace, creating a seamless connection between indoor and outdoor living.

The kitchen, approximately 10 years old, features marble worktops and quality appliances, including a Novy extractor hood and a Miele oven. Sliding glass doors also open onto the terrace, making this space ideal for everyday living as well as entertaining.

Moving towards the sleeping quarters, a first separate toilet is located on the right. This part of the house also includes two interconnecting rooms. The first is currently used as an office and leads through to a second room, which was originally the garage. This room features sliding glass doors...
