DESCRIPTION

Situated close to a free shuttle bus stop, and less than 10-minute walk to the village ski drag lift, or around a 3-minute drive to the large gondola car park, this chalet is very much close to the action of the village, but also with a sense of calm and serenity. A number of luxury chalets have recently been constructed in the vicinity, yet this property retains its independence and authenticity.

Entering into the chalet on the ground floor, there is a good-sized entrance hall with storage space for ski equipment. The ground floor also houses a multi-functional TV room with bunk beds to enable increased sleeping capacity. Finally, there is also a bathroom on this floor with walk in shower.

The first floor comprises the living room with open fireplace, a sofa area, a dining room and fully equipped kitchen. There is access out onto the balcony with views into the woods, situated just behind the chalet is a sloping field (ideal for tobogganing in the snowy winters!).

The top floor of the property houses the 3 main bedrooms (one of which also has bunk beds) and the family bathroom with bathtub. The north-facing bedrooms have small balconies from which to enjoy a morning coffee whilst taking in the views out across the village and over the rooftops opposite, whilst the south-facing bedroom has a balcony that overlooks the woods.

The décor inside is charming with lots of traditional wood throughout, but still a feeling of lightness...
