IN BRIEF

At the end of a cul-de-sac just off the road between Souillac and Cressensac, you will find this charming holiday home. With only 3 other neighbors, the house is set in a wooded environment: the Causses du Quercy begin here!

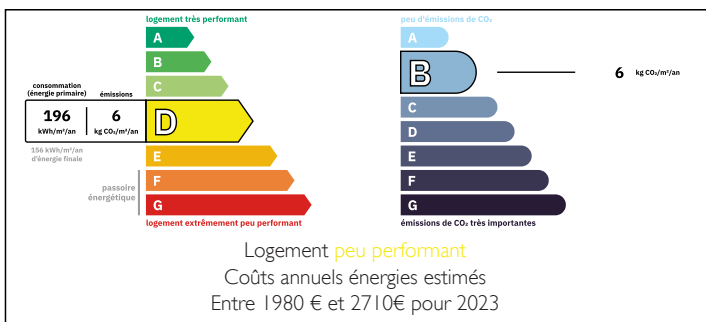

The house features a spacious living area with a pellet stove and fully equipped open-plan kitchen; in addition, there is a veranda of approximately 15 m² from which you can admire the surrounding nature while staying warm in winter.

On the ground floor, you have one bedroom with garden access, a brand-new shower room, and separate WC; another room can also be converted into a bedroom (or office... pantry!).

The attic space (+40 m² floor area) has already been fitted out: insulation, electricity, flooring — you can enjoy a large bedroom or easily create two.
