DESCRIPTION

You enter through the grand gateway and find yourself in a lovely, enclosed, tree-lined garden. There is ample space to park several vehicles, and a beautiful barn of about 60 m² can be used as a garage or potentially converted in the future.

The ground floor is laid out in the traditional Charentaise style, with rooms on either side of a spacious vestibule of about 9.5 m². The living room is approximately 37.3 m², featuring an open fireplace and a door opening onto the garden. From here, you access a separate kitchen of about 15.1 m², which leads to the first bedroom of roughly 13.7 m². At the back of the entrance, a hallway leads to the toilets, cellar, and a workshop that connects to the stable.

Also on this level, you'll find two additional bedrooms (about 12.6 m² and 13 m²) and a bathroom of about 6.7 m².

Upstairs, the staircase opens onto a large room of 65 m², from which you access a fourth bedroom of about 18.2 m², a bathroom of 4.18 m², and a toilet.

A large 18.9 m² playroom area leads to the final two bedrooms, measuring about 19.1 m² and 31 m².

At the back of the house is an impressive covered pool (20 x 4 m), with its electrical system powered by photovoltaic sensors. Old outbuildings overlook the pool and can be kept for storage or potentially converted in the future.

For comfort, the house is equipped with a recent heat pump (PAC)...
