IN BRIEF

Situated in the centre of Limoux, this listing offers a ground-floor office (approx. 40m²), previously used as a medical practice, alongside a large 80m² garage with impressive ceiling height. Both spaces provide flexibility for professional, commercial, or mixed-use projects, with the option to combine them into a single larger unit. Conveniently located close to amenities and within walking distance of Lycée Jacques Ruffié, the property also benefits from the possibility of being sold as separate units.

DESCRIPTION

Located in the centre of Limoux, this listing comprises a garage and a separate office space sold together, offering excellent potential for professional or commercial use.

The office space (approx. 40m²) is situated on the ground floor and was previously used as a medical practice. It is currently arranged into several rooms, including a reception/waiting area, consulting room, and private workspace, with the benefit of a WC and water point already in place. This layout is ideal for a range of professional activities (medical, paramedical, consultancy, or office-based work) and can easily be adapted to suit different needs.

The garage is a major asset, offering a generous surface area of approximately 80m² with an impressive ceiling height of around 4.5 metres. This versatile space is suitable for multiple uses, including parking for several vehicles, workshop use, storage, or the creation of a mezzanine level to maximise usable space.

There is also the possibility to create an internal connection between the office and the garage (subject to necessary permissions), allowing the development of a cohesive and functional space of around 120m²—ideal for a business combining workspace and storage.

The property is set in a convenient and lively area, close to shops, a barber, and restaurants, and within walking distance of Lycée Jacques Ruffié.

The owner is open to selling the garage and office separately, offering flexibility for different types of buyers or investment strategies.
