DESCRIPTION

This recently renovated house consists of a large open-plan living area with an open kitchen, five bedrooms including one en suite with dressing room and bathroom, and two shower rooms.

The basement comprises a large garage, an office, and a boiler room.

The renovation paid close attention to all technical aspects; the plumbing, electrical wiring, and heating system were all redone, and a wood-burning stove was installed.

Outside, two terraces offer views of the garden, one facing south and the other north. There is space for a swimming pool on the property.
