NOTES

DESCRIPTION

This versatile property in the centre of Chabanais offers approximately 145 m² of space and combines a ground-floor shop with a comfortable 2-bedroom apartment above.

The current layout makes it particularly interesting for a buyer looking for both residential and commercial space, an investment property, or a building with future potential.

The apartment is located on the first floor and is accessed by a wide staircase fitted with a stairlift. It benefits from sound proofed double glazing.

The accommodation includes a separate fully equipped kitchen and a bright living room with a dedicated dining area. There are two well-proportioned bedrooms, a modern shower room and a separate WC.

On the ground floor is the existing shop, which has its own WC, together with a separate office and utility room.

One of the most interesting possibilities is the potential to convert the ground-floor shop into residential accommodation. Subject to the buyer obtaining the necessary planning and change-of-use permissions, the property could potentially be transformed into a larger two-storey house.

A large dry cellar provides useful additional storage and also houses the new gas central heating system.

The property is connected to mains drainage and benefits from fibre-optic internet, water and electricity.

Its central position in Chabanais means shops, services and everyday amenities are within easy reach, while Limoges airport is less than 50 km away.
