NOTES

DESCRIPTION

The property is approached via a discreet entrance leading to a private and peaceful lakeside setting hidden from public view. The lake is bordered by mature hedging and trees, with a wide path running around much of the water, making it easy to access and enjoy the different areas of the plot.

A timber cabin of approximately 12 m² provides simple accommodation for daytime use and occasional overnight stays. Equipped with solar lighting, USB charging points and a gas heater, it offers comfortable off-grid leisure use in a natural setting. The recently added composite veranda overlooks the lake and creates an ideal covered seating area for relaxing or dining outdoors. The property also includes a shed, two large new fishing platforms, 2 gazebos with tables and benches, and useful storage areas, allowing several spots around the lake to sit and enjoy the surroundings.

The lake itself extends to approximately 4,100 m² (just over 1 acre) and is generally around 1 to 1.2 metres deep around the margins, reaching approximately 2 metres in the centre. The lake benefits from a controlled water inlet and overflow system helping maintain water levels throughout the year. It is stocked with a variety of coarse fish including mirror carp, common carp, grass carp, roach, rudd and catfish, with varying weights from 0.5kg to 10kg.

While not intended as a commercial or specialist fishing venue, it offers an enjoyable private fishing and leisure space for owners wishing to spend quiet time...
