DESCRIPTION

Bathed in natural light, the approximately 200 m² residence combines timeless Provençal charm with carefully integrated modern comforts and strong energy performance for a property of its era and style. The heart of the home is a magnificent double-height living room with warm terracotta floors and an impressive fireplace, opening directly onto expansive terraces and outdoor entertaining spaces perfectly designed for relaxed Mediterranean living.

The large family kitchen offers generous preparation and dining space while remaining closely connected to both the indoor and outdoor living areas. The accommodation includes five bedrooms, a dedicated office ideal for remote working, and three bathrooms, all thoughtfully arranged to provide both comfort and flexibility for family life or guest accommodation.

Outside, the estate transforms into a true Mediterranean retreat. At its centre lies a heated saltwater swimming pool surrounded by extensive stone terraces, shaded lounging areas, and mature planting. A summer kitchen beneath the pergolas creates the ideal setting for al fresco dining, while a pétanque court tucked amongst the pines adds an unmistakably Provençal atmosphere.

The estate also includes an inspiring artist's studio, a separate studio, a garage, and an approximately 8,000 m² paddock suitable for equestrian use or additional outdoor lifestyle projects. Modern features have been carefully integrated without compromising the authenticity of the property, including reversible air conditioning, a wood-burning stove, solar panels, recently installed windows and doors, automatic irrigation, exterior lighting, a well, and a borehole.
