IN BRIEF

From the moment you enter this property, you will be enchanted by the privacy and setting. The former mill was built in the 18th Century, it faces onto fabulous gardens and a pool, with a covered terrace and outdoor kitchen for summer meals. The grounds extend beyond the more formal gardens to a large park with well-established trees and a stream. The house has been restored with care, retaining a host of its original features and even some of the mill workings

Many of the bedrooms are on the ground floor, with easy access to the large living spaces with multiple glazed doors onto the terrace.

With two gites already busy, there is potential to develop this further with bed and breakfast too, or to keep it as a stunning family home or holiday retreat.
